“Were There When It Happened!”

This book presents a considerable history of the farm families and farms of Carmel, Indiana—as it has been preserved in memory, cherished heirlooms, carefully safeguarded photos, and historical maps. Shown here are content examples.

“The Captain Lewis Dean Causey’s adopted nine children including 3 sets of twins including Dave and Dean. Dave and Dean both drove sports cars in the SCCA Sports Car Club of America. Dave and Dean built an old Sherman tank with a VW engine in it that I got to drive to school one day. That field where the south end of Vickery Lane is now was where we used to fly the gyrocopter that Dave and Dean built. They used the Sherman tank to get it up in the air.” (Nena Park Ray, 2013)
